

Nick Yu

Product Manager

PROFESSIONAL EXPERIENCE

IBM

Product Manager | Jan 2023 – Present

- Led positioning, pricing, and packaging for IBM Data Intelligence launch; projected to produce \$120M annually.
- Created a new licensing metric and business model for a 50+ year old product, driving its most profitable quarter in history (+31% YoY revenue).
- Generated \$51M in revenue by creating partnerships (OEM, Joint Marketing, Resell, Divestiture) with third-party executives.
- Strengthened client relations and generated \$35M in subscription revenue through initiating a new process to extend support for Data & AI products.

IBM

Associate Product Manager | Jun – Dec 2022

- Leveraged valuation methodologies and sensitivity analyses to guide long-term growth strategies for products generating \$80M+ in annual revenue.
- Improved client satisfaction by creatively amending legal agreements to mitigate \$10M in support obligation exposure.
- Increased monthly order volume for SPSS Statistics by 19% by optimizing the self-serve purchase flow via funnel analysis.
- Reallocated \$15M in annual resources and ensured smooth client migration while sunseting underperforming products.

Statflo

Product Manager Intern | May – Aug 2021

- Orchestrated the discovery and implementation of inbound messaging for a sales campaign app; expanded addressable client base by 15%.
- Built a business intelligence tool, improving data-driven decision-making.

LCBO

Product Manager Intern | Jan – Apr 2021

- Led a team of 6 engineers to prototype an e-commerce app, addressing a \$400B industry challenge.
- Conducted 15+ user interviews to refine an app that boosted operational efficiency by 13% across 420 stores.

Cinchy

Product Manager Intern | May – Aug 2020

- Managed security vulnerability detection and remediation, ensuring the data fabric platform achieved SOC 2 compliance.
